

A Unique Amenity for Tower Residents

Among the many amenities offered at The Towers - on-site housekeeping and maintenance services, gourmet dinner meals, and activities; one amenity may be exclusive to The Towers alone. The **Guest Suite** has been a valuable asset to residents living in the Towers since its inception in December, 2007.

Designed as a convenience to our residents and their guests, the **Guest Suite** consists of a suite of several rooms. The living room is spacious and bright and decorated to create a peaceful ambience to make the guest feel at home.

Two separate bedrooms offer queen-size beds that can accommodate four guests. There is a hide-a-bed in the alcove adjacent to the living room that can also be pulled out into a queen-size bed. Views of the community can be seen from the spacious windows in each room.

Two separate bathrooms provide the convenience of immediate access. The low-level entry showers make it easily accessible to anyone. There is coffee service, a refrigerator, and additional sink in a small adjacent room with dresser and closet space to accommodate six guests. In addition, linens and towels are provided for each visit.

The cost for all this is comparable to hotels in the area. The distinction is that residents can enjoy the convenience of having their guests stay at the same location where they are living. It provides a favorable alternative to having to transport friends and family to The Towers when they come to visit.

Guests may purchase a dinner ticket and participate in activities enjoyed by the residents on any given day. To date, 137 separate stays have occurred for a period of 414 days. It is evident that the **Guest Suite** is a popular amenity for the convenience of Tower residents.
